קליל

$$10 \times \text{beach ball} = \text{watermelon slice}$$

$$2 \times \text{glasses} + 2 \times \text{beach ball} = \text{watermelon slice}$$

$$\text{watermelon slice} / \text{beach ball} = \text{glasses} - 5$$

$$\text{watermelon slice} = \underline{\quad} \quad \text{beach ball} = \underline{\quad} \quad \text{glasses} = \underline{\quad}$$

מאתגר

$$\text{star} - \text{flip flops} = \text{pineapple} + 5$$

$$3 \times \text{flip flops} = \text{star}$$

$$2 \times \text{flip flops} + \text{star} / 2 = 2 \times \text{pineapple} - 6$$

$$\text{flip flops} = \underline{\quad} \quad \text{star} = \underline{\quad} \quad \text{pineapple} = \underline{\quad}$$
